PROFILE SUMMARY

Python Full Stack Developer with hands-on experience in ML model integration using Flask and Flutter. Skilled in building end-to-end applications combining backend APIs with intelligent ML solutions.

TECHNICAL SKILLS

Programming: Python, Java, SQL
Web & Frontend: HTML, CSS, React, Flutter
Web & Backend: Flask, FastAPI
Machine Learning: Scikit-learn library
AI Tools: Hugging Face Transformers, OpenCV, N8N
Databases & Tools: MySQL, Git, GitHub, Jupyter Notebook
Design Tools: Figma

PROJECTS

Sleep Wellness – Sleep Improvement Application

- Developed a mobile application using Flutter to promote better sleep and improve users' sleep wellness.
- Built the backend using Node.js and integrated Supabase for database management and data storage.
- Integrated Hugging Face AI models and Fish Audio API to provide AI-powered sleep support and audio experiences.
- Designed the application to enhance relaxation, support healthy sleep habits, and improve the overall sleep experience.

Voice2Gov – AI-Based Civic Grievance Management System

- Developed a full-stack AI-powered complaint management platform using FastAPI, React Native/Expo, MongoDB, and Socket.IO with features like complaint classification, department routing, JWT authentication, real-time notifications, and speech/image processing integration.

Hospital Token Booking System

- Developed a real-time token booking system using React, Flask, and Socket.IO.
- Integrated an ML model to predict waiting time based on historical token data.

API Logging Framework

- Developed an API Logging Framework to capture and store incoming API requests and related data in a database for systematic tracking and monitoring.
- Utilized the collected request data for data analytics, enabling request pattern analysis, usage insights, and performance monitoring.

CERTIFICATIONS

- Oracle AI Foundations Associate – Oracle
- Oracle Cloud Foundations Associate – Oracle
- Fundamentals of Digital Marketing – NPTEL
- Soft Skills Development – NPTEL

EDUCATION

Bachelor of Information Technology CGPA: 8.43 / 10.0
R.M.K Engineering College, Chennai
